

cant believe its already 2024-11-15 time goes too fast!

like not tryna bribe u but Small Stoneware Vase, solar-powered phone charger!!

im done writing bye...

hey santa its me William from Edmonton, Alberta just chillin while i write this!?

so basically heres the thing Dear Santa Claus,

Hello! My name is William, and I live in Edmonton, Alberta.

I've been very kind and helpful this year. For Christmas, I would really like a Small Stoneware Vase.

It would also make me so happy to have a solar-powered phone charger if you can manage it.

Thank you so much, Santa!

Yours truly,

William!!
