

hope this letter sends bye!

pls hi santa Joseph here and im literally freezing in Hay River..

my mom said i had to put the date so here u go 2024-12-23!

uh before i forget can i pls get smartphone tripod, solar-powered phone charger!!

so basically heres the thing Santa, my main man!

Joseph here, chillin' in Hay River, Northwest Territories. I've been keeping it real and staying good.

I'm dreaming of unwrapping a smartphone tripod on Christmas morning. And if you're feeling generous, a solar-powered phone charger would be the cherry on top!

You're the GOAT, Santa!
Joseph..
